## Why man invented the motor car to take over the bicycle

Our morning bike ride was packed with drama a few weeks ago when one of our riders ( Chris ) who is normally a quick rider kept dropping off the pace of the group and seemed to be unusually puffing. When the group reached our turning point for the return journey Chris was quite a way behind – so I thought I better check to see if he was okay. He was looking somewhat distressed and breathing very heavily. Is he having a heart attack – I thought – better call an ambulance – and they arrived in quick time and one of them was a bike rider – they checked all his essentials – all good – but heart rate very high. Then the ambulance fellow looked at his bike and said – bloody hell - you don't need an ambulance – you need a Bike Shop because your back tyre is jammed hard against your frame – creating constant drag – no wonder your heart rate is high !

Many thanks - Vaughan

Well this photo might not look like much but it is very significant to the expansion of our shed as it is the necessary earth work to set the foundation and get rid of the surface water and judging by the amount of rain we have had over the past few weeks, it is working well. Keep a watch out now for the steel framework to arrive.

**Our next social function will be a dine out at the Cheltenham RSL 50 acres restaurant - THURSDAY MAY 18th.**

**Maximum booking will be 65 people so put your name on the list.**

**The next golf day is planned for mid June so keep a watch out for a notice from Derik - final details will be advised in the next newsletter.**

**The members of the Dingley Village Men's Shed again wish to express their appreciation to our wonderful local sponsors and generous donors.**

## **OUR LOCAL SPONSORS**

**These local businesses have generously supported our fundraising efforts...  
We ask that you the members support them in return.**

**Bunnings Keysborough**

**Bendigo Bank, Dingley Village**

**Nova Pharmacy**
