AUGUST 2018 NEWSLETTER

Now for the last month of winter then all of you members that have gone north to chase the warmer weather can soon turn around and come on home, but watch out, mother nature will probably still have the wind machine turned on at Braeside Park.

What's been happening

Another park project is underway with DVMS manpower producing the goods - this time upgrading some of the signage throughout Braeside Park. This work is being carried out under the direction of Janelle, the Parks Vic supervisor. Thank you to Geoff Hergt for being the coordinator and record keeper and for also supplying the following "action" shots of the work being carried out to date by Theo Breeuwer, Terry Wells, Graham Giulieri, Ian Jacobsen, Bob Wood, Rob Isaachsen & Leigh Walsh.

The next planned working day for the signs will be **Wednesday August 8th** so join in the fun.

A bookseller conducting a market survey asked a woman, "Which book has helped you most in your life?" The woman replied, "My husband's check book!!"

Here's a photo of the group that attended the **Naked Racer** last Thursday, organised by David Smith as DVMS visit. Another great outing with a walk around the museum and of course the obligatory coffee and lots of chatter and good memories.

Cheers

Geoff

If you want to be a part of the "uniform brigade" see Graham Kilby and place your order.

We do have a shirt, jacket & vest in stock SIZE M

'On ya bike'

Our Wednesday bike riders have had a few tough days this month with wind & rain but they soldier on. I hope those electric assist bikes are safe when they get wet.

Can anyone explain the rules and tactics for The Tour de France bike racing as it seems as confusing as the Off Side rule in soccer (sorry - football). The TV coverage gives us a great look at the country side and how much effort must go into that final sprint to the finish line. You can sit on your exercise bike in front of the tele and pretend you are out with them participating for your favourite team.

To Be 6 Again...

A man was sitting on the edge of the bed, observing his wife, looking at herself in the mirror. Since her birthday was not far off he asked what she'd like to have for her Birthday.

'I'd like to be six again', she replied, still looking in the mirror.

On the morning of her Birthday, he arose early, made her a nice big bowl of Lucky Charms, and then took her to Six Flags theme park. What a day! He put her on every ride in the park; the Death Slide, the Wall of Fear, the Screaming Monster Roller Coaster, everything there was. Five hours later they staggered out of the theme park. Her head was reeling and her stomach felt upside down. He then took her to a McDonald's where he ordered her a Happy Meal with extra fries and a chocolate shake. Then it was off to a movie, popcorn, a soda pop, and her favourite candy, M&M's. What a fabulous adventure! Finally she wobbled home with her husband and collapsed into bed totally exhausted.

He leaned over his wife with a big smile and lovingly asked,

'Well Dear, what was it like being six again?'

Her eyes slowly opened and her expression suddenly changed. 'I meant my dress size!!!!'

The moral of the story: Even when a man is listening, he is gonna get it wrong.

What's coming up

Wednesday August 1st - dinner at the Springvale Greyhound track

The next golf day will be Thursday August 30th - see the notice board for details.

It's going to happen again no matter how much you try to resist it - CHRISTMAS 2018. Same date as always, same family lunch, same useless presents, same brother in-law drinking your best beer and wine, same, same

But let's make our own fun and do just like we did last year and have a fabulous DVMS Christmas dine out at the

Keysborough Golf Club -

Saturday December 15th.

The notice board will have the booking details.

Bowraville races (Bowraville is located in the Mid North West Coast hinterland of N.S.W.)

A group of primary school infants, accompanied by two female teachers, went on a field trip to Bowraville races to see and learn about thoroughbred horses.

When it was time to take the children to the toilet, it was decided that the girls would go with one teacher and the boys would go with the other.

The teacher assigned to the boys was waiting outside the men's toilet when one of the boys came out and told her that none of them could reach the urinal.

Having no choice, she went inside, helped the boys with their underpants, and began hoisting the boys up, one by one, holding their willies to direct the flow away from their clothes.

As she lifted one, she couldn't help but notice that he was unusually well endowed. Trying not to show that she was staring, the teacher said, 'You must be in year four.'

'No, love,' he replied. 'I'm riding Silver Arrow in the 2.15'.

Where ya been

With so many of our shed mates taking off on holidays, a new section is being added to our newsletter - especially for you travellers to contribute to and tell us about "**where ya been**".

So, let me know - drop an email to me and even better include a few happy snaps.

You might have even seen a Men's Shed, just like our intrepid Queensland traveller Paul Brennan has done at Augathella.

This space is just waiting for your contribution - come on Kel, you've been travelling all over and Paul, I know where you have been and you have to come home soon. And what about Frank, he must surely have to leave the Gold Coast at some time.
Drop me an email to akilby@bigpond.net.au

Simply showing me your marriage certificate and a picture of your wife is not enough !

Why do women live a Better, Longer & Peaceful Life, compared to men?
A very INTELLIGENT student replied: "Because Women don't have a wife!"

COOL MESSAGE BY A WIFE: Dear Mother-in-law, Don't teach me how to handle my children. I am living with one of yours and he needs a lot of improvement!!

When a married man says, I WILL THINK ABOUT IT - what he really means is that he doesn't know his wife's opinion yet.

What's new in the shed

The termites are hopefully under control and as these photos show, the walls are in the process of being replaced. The buckets that you may have seen set into the ground outside the shed wall line are traps to indicate if the little buggers are coming back - hopefully they are not.

The outside storage compound is now completed so this provides an area to store the BBQ and other bulky items that have been crowding the workshop floor space.

The art group are churning out bulk loads of very good paintings - why don't you give it a go and see if you have a hidden talent.
